

# What is ICFR?

The International Caravanning Fellowship started in the UK in 1967. The group started in New Zealand in 1978 and has about 150 members. There are similar Fellowships in Australia, South Africa, North America, Netherlands and France.

Meetings are held anywhere in the North Island giving the opportunity to often explore and discover areas and places possibly outside your normal itinerary.

Whilst opportunity is provided to develop local fellowship and friendships there is no obligation for members to take part in any activity.
